August 31, 2009

To Whom It May Concern:

Robert Wolfe Construction, Inc. recently completed a fast-track project for our company at 1116 Engineers Road. The project consisted of about 4,000 square feet of offices and another 13,000 square feet of warehouse and mezzanine. Working together with our organization, Robert Wolfe met our target date and did so in a cost effective manner.

We have no problem recommending Robert to others in our marketplace.

Sincerely,

A handwritten signature in black ink, appearing to read 'Keith Leaning', written over a horizontal line.

Keith Leaning
General Manager
